IP PHONE · WALL-MOUNT

Wall-Mount SIP Phone SIP-H10

A minimalist SIP phone for desk or wall — cloud-ready, with no on-site IP-PBX server required.

Front · Back · Handset

OVERVIEW

The SIP-H10 is a wall-mount SIP phone with a simple design for basic communication needs. Its key advantage is installation flexibility: place it on a desk or mount it directly on the wall to keep the room tidy.

Flexible installation
Desktop or wall-mounted.

Minimalist design
12 number keys + 2 DSS keys for quick dialing.

Space-saving
Ideal for public areas & high-traffic rooms.

Cloud support
No physical on-site IP-PBX server required.

Flexible power
PoE (802.3af) or optional DC adapter.
