DESCRIPTION

The **TCM-NC8100PB** Presence Button registers staff presence in the patient room for the TCM-NC8100 IP nurse call series. Mounted at the room entrance, it is pressed when a nurse arrives and again when the nurse leaves.

Presence IN clears the room's active calls and turns the corridor light green; presence OUT turns it off. The TCM-BGM9000Pro server logs both for SLA 1 (response time) and SLA 2 (care time) KPI reports.

FEATURE

- Single large green button for staff presence
- Press on entry: presence IN, room calls cleared
- Press on exit: presence OUT, visit closed
- Calls can only be cleared inside the room
- Green corridor light while staff are in the room
- Logs response time (SLA 1) and care time (SLA 2)
- KPI data to the hospital HRD software via API
- Slim 85 × 85 × 10 mm wall-mounted panel
